

Mobile rack

Autoclave Racking System

Large roller trolley

Wall Mounted Rack

Racking/ Trolleys

Technical Specification

Static Racking

Sizes available from 1000mm to 3000mm, in 100mm increments

Can be loaded from both sides to maximize all the racking space available.

Wall Racking

Sizes available from 1000mm to 3000mm, in 100mm increments

Fastened to the wall, fantastic if floor space is limited

Mobile Racking

Sizes available from 1000mm to 2500mm, in 100mm increments

Can be loaded from both sides and still be manoeuvred easily.

Curing Racks

Bespoke solutions available for old or new Autoclaves

Maximises the space available for curing, increasing efficiencies and cost controls.

Mobile Roller Trolley

Bespoke mobile trolley sizes available

Can be used to transport large heavy rollers easily, reducing the risk of damage.

Options
