

## Collets

### Features & Benefits

- The principle for these tools is to hold the external ends of rollers around the bearing seats to mimic the bearing. The advantage to this is to be able to grind rubber rollers whilst holding close tolerances

### Technical Specification

- These are available in two box sizes as follows
- Our ER32 Box set comprises 18 pieces ranging from 3mm up to 20mm in diameter and comes complete with a 4 morse taper tool holder
- Our ER40 Box set comprises 23 pieces ranging from 4mm up to 26mm in diameter and comes complete with a 5 morse tool holder
